

# BLUESIERS NEWS SCROLL

Periodical Updates on all  
things BLUESIERS

## POSITIVE POLLING

Recently released polling data show statistical ties between McCormick / Braun & Wells / Rokita.

McCormick and Wells have been putting in the work and their efforts are paying off.

Hoosiers are resonating with their messaging of hope, equality, freedom, opportunity, and respect.

Many of us struggle to know how to begin a conversation about politics. It was a "taboo" topic and because of that, many don't have the skillset to have productive, civil conversations.

Start by asking what their plan is for voting. Early voting? Election Day? Don't plan to vote? Then let the conversation evolve naturally after starting from a more neutral place.

## HELPFUL TIPS

## NO PURDUE POLLING LOCATIONS

Tippecanoe County Election Board (TCEB) announced recently that no polling places will be available on Purdue's campus in November. The board cites no locations met "statutory requirements." Purdue has over 50,000 students and 12,000 staff.

Purdue did have polling locations during the May primary and the board has not clarified what "requirements" are missing for November. Purdue announced on 9.17 that new on-campus locations have been proposed to the TCEB. Updates to follow as they become available.

## IMPORTANT INDIANA DATES:

- OCT. 7,
  - VOTER REGISTRATION ENDS
- OCT. 8
  - EARLY VOTING BEGINS
